

JOB ANNOUNCEMENT

Kitsbow in Old Fort, NC is Hiring!
12 – 15 Positions Available

Apply <https://kitsbow.freshteam.com/jobs>

Experienced Maker (Sewer)

Starts at \$13.50/hour and can get to \$17.50/hour with performance bonuses

You must be highly proficient in making apparel on a variety of commercial sewing machines, and able to work quickly at a very high level of quality. We use the Toyota Sew System, which means stand-up machines and constant movement from machine to machine in the making of each item, one at a time.

We ask that you be flexible, work hard, and be on time. You will be on your feet all day, and must be able to lift at least 40 lbs.

If you have any doubts about your level of proficiency, please see the job listing for **Maker Trainee** (and apply for that job instead of this one).

This is a temporary position but successful candidates can earn a full-time position with benefits. We pay 100% of the full-time employee's monthly health insurance premium.

SHIFTS:

8am-4:30pm Monday thru Friday (Saturday + Sunday rest)

5:00pm-10pm Monday thru Friday (Saturday + Sunday rest)

Maker Trainee (Sewer)

Starts at \$13.00/hour and can get to \$17.50/hour with performance bonuses

This is an opportunity to learn how to make apparel. **We will pay you to learn** how to cut fabric, operate machines, and create beautiful and functional clothes in a team environment.

You will learn a variety of tasks including but not limited to cutting pattern pieces in fabric, kitting materials for production, checking quality of finished garments, operating sewing machines, and working with the team to solve problems and meet production goals. Currently we are making PPE (face masks) which is an excellent way to build skills of quality and speed.

Big plus for sewing experience, basic fabric knowledge and experience operating machines (other than sewing machines)... but experience is not required.

We ask that you be ready to learn, work hard, and be on time. You will be on your feet all day, and must be able to lift at least 40 lbs.

This is a temporary position but successful candidates can earn a full-time position with benefits. We pay 100% of the full-time employee's monthly health insurance premium.

SHIFTS:

8am-4:30pm Monday thru Friday (Saturday + Sunday rest)

[note we are not currently hiring Trainees on the Swing Shift]
